IS YOUR FLEET AT ITS BEST?

CMAA estimates that most golf car fleets are operating at 15% below optimal efficiency—a statistic that can cost a course up to \$124,000 over a four-year lease, shorten vehicle warranties and impact a course's reputation. But there's a solution.

LET US HANDLE THE MAINTENANCE

You're busy with hundreds of tasks. Club Car Service Solutions takes fleet maintenance (and detailed record-keeping) off your to-do list, saving you unnecessary costs, helping prevent slowed pace of play and minimizing the risk of accidents.

“Having Club Car maintain our fleet is a huge relief for us. The confidence of knowing that the cars are kept in safe, working order makes us feel like our customers and employees are provided with the safest vehicles possible. The relationship we've created with our fleet technician is key to controlling the expensive task of maintaining our entire fleet.”
